RETAIL CATALOGUE

Valid From May 2017

The NetPro Group is an Australian company, specialising in the design and construction of Protective Canopy Systems. Over the decades, the company has established itself as an industry leader, designing and building many specialized structures, and developing quality materials and products. All Product Information Sheets are available on our website.

How to Purchase: All goods can be purchased via our eBay shop: <http://stores.shop.ebay.com.au/Netpro-Protective-Canopies> We can also answer queries and take your orders by email (sales@netprocanopies.com) or by phone (see above). On eBay, payment can be accepted via PayPal / Credit Card / EFT; phone orders can be paid via Credit Card / EFT / Cheque. Please note that all orders are on a PrePaid basis. All prices include GST. Freight / Postage is ex-Stanthorpe and in addition to price (unless stated otherwise). Credit card payments over \$1000 = 2% Surcharge. Toll-free (NZ): 0800 NETPRO (638 776).

NET OFFCUTS

Items available change frequently; Please contact our sales staff to discuss your requirements. Terms & Conditions:

- * No Warranty Offered
- * No Returns accepted
- * There may be a defect with the net (of which we would advise)
- * Non-standard lengths (ie. Small amounts) not suitable for commercial applications.
- * While most pieces are practically new, some pieces may be dirty, ripped, stained, and may have had wire threaded, clips attached, or have been hung and removed due to incorrect size etc.

Net Information -

Shrinkback factor: Net is sold in "tagged metres", which are longer than actual lineal metres (as laid out on the ground). This is because, when stretched to the proper width, the length will pull back to the correct "hung" length and width.

DO NOT lay the net on the ground, measure and cut it until it has been stretched to the correct width.

Stretch Capabilities: In particular regard to hail-net offcuts, it requires specialised equipment to pull the net out to the stated widths. We don't expect that persons erecting net with standard tools and equipment will be able to pull it out to that width. THEREFORE, we always recommend extra width or the next size up for your requirements.
