## NET OFFCUTS

Items available change frequently; Please contact our sales staff to discuss your requirements. Terms & Conditions:

- \* No Warranty Offered
- \* No Returns accepted
- \* There may be a defect with the net (of which we would advise)
- \* Non-standard lengths (ie. Small amounts) not suitable for commercial applications.
- \* While most pieces are practically new, some pieces may be dirty, ripped, stained, and may have had wire threaded, clips attached, or have been hung and removed due to incorrect size etc.

### Net Information -

**Shrinkback factor:** Net is sold in "tagged metres", which are longer than actual lineal metres (as laid out on the ground). This is because, when stretched to the proper width, the length will pull back to the correct "hung" length and width.

DO NOT lay the net on the ground, measure and cut it until it has been stretched to the correct width.

**Stretch Capabilities:** In particular regard to hail-net offcuts, it requires specialised equipment to pull the net out to the stated widths. We don't expect that persons erecting net with standard tools and equipment will be able to pull it out to that width. THEREFORE, we always recommend extra width or the next size up for your requirements.
